

Netherlands Institute for Neuroscience

Are you a right-handed,  
18-40 years old, CHINESE?

*Are you curious  
about fMRI  
experiments?*

*Then JOIN US!*

social.brain.lab.subjects@gmail.com

Judith Suttrup: +31 20 5661717

*Our experimental question is:*

How does attention influence the  
perception of other's pain?

The study will last less  
than 2 hours and you will  
be teamed up with an-  
other participant.

You will receive a com-  
pensation of 8€/hour,  
plus travel expenses

The study is approved by the Ethics Committee of the University of Amsterdam
